In 2010, 15 tagholders (11 ODFW and 4 Confederated Tribes of the Umatillas) took 14 mountain goats,							
11 males, 3 females. Three of these green scored over 50 Boone and Crockett points							
(eligible for record book).							
A total of 84 mountain goats (74 males, 10 females) have been taken by hunters since the season							
re-opened in 1997. Fourteen mountain goats have been taken by hunters scoring over the minimum							
Boone and Crockett score. Twenty mountain goats were taken from 1965-1968.							
The season was then closed at that time due to low goat numbers.							
* No Scores.
