In 2012, 17 tagholders (12 ODFW and 5 Confederated Tribes of the Umatillas) took 13 mountain goats: 11 males, 2 females. Four males green scored over 50 Boone and Crockett points (eligible for record book).

A total of 109 mountain goats (93 males, 16 females) have been taken by hunters since the season re-opened in 1997. Twenty mountain goats have been taken by hunters scoring over the minimum Boone and Crockett score. Twenty mountain goats were taken from 1965-1968.

The season was then closed at that time due to low goat numbers.
